

# Agile Wellness Cart

Safeguard employee health with the mobile, agile wellness cart and testing station

## BENEFITS

### PROMOTES WORKFORCE HEALTH

Provide quick and efficient testing, measurement and confirmation of employee wellness.

### AGILE, ON-DEMAND DEPLOYMENTS

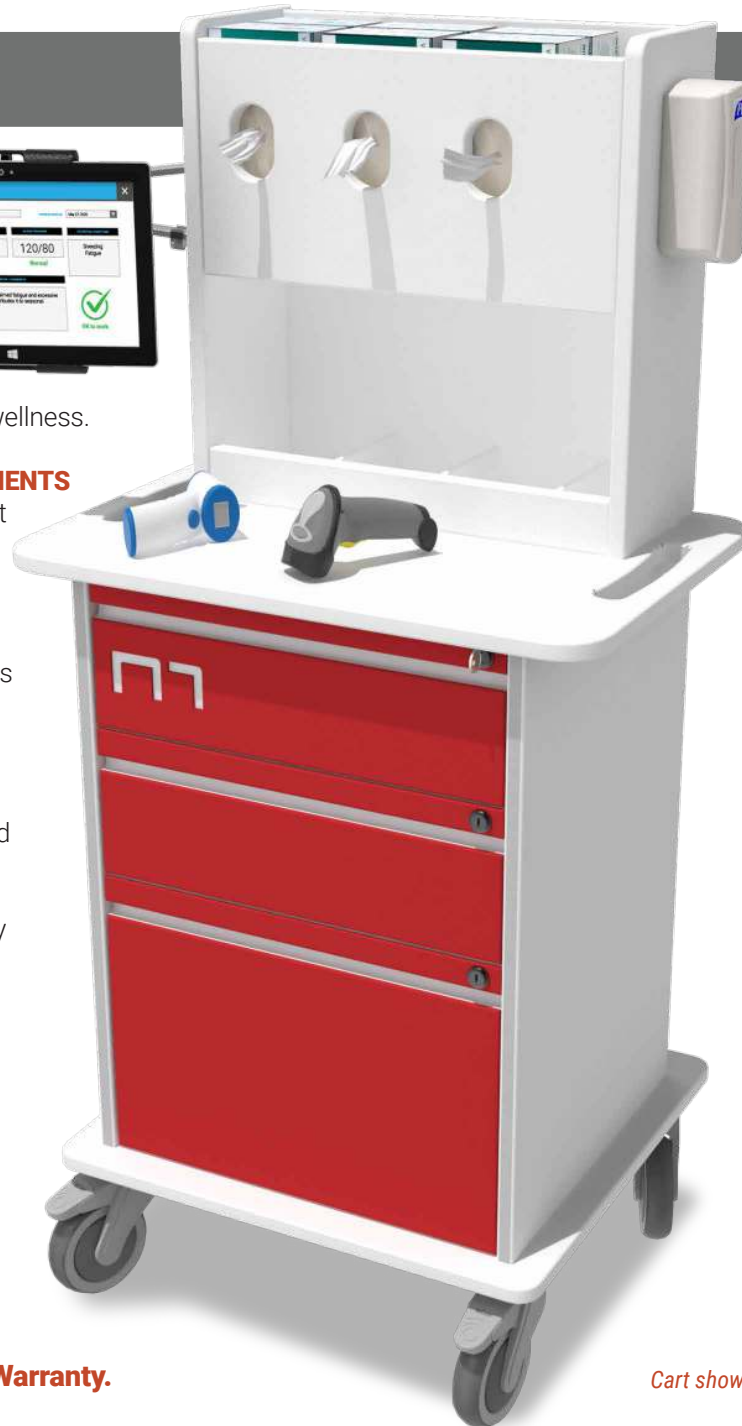

Quickly deploy the Wellness Cart where needed throughout the workday/shift:

- Use outdoors for report-to-work wellness check-ins
- Transfer between departments for ongoing testing and wellness updates
- Deploy across the facility for rolling confirmations and to administer first aid on-demand

### DURABLE & SANITARY

Purposely designed for longevity and cleanliness:

- Seamless, chemical-resistant surfaces are easy to clean
- Quickly sanitize with common solutions/cleaners
- UV-stable and waterproof: ideal for outdoor use and in harsh environments
- Heavy-duty, medical-grade thermoplastic construction for unmatched durability

## FEATURES

Snap-in dividers for the tower and drawers keep supplies organized and ready for quick, efficient access

Seamless edges and panels eliminate "germ hideouts" and allow for quick, easy and effective cleaning/sanitizing

Ergonomic worksurface sits at 34" high.

Radiused safety edges protect fingers, hands, walls and equipment

Organize test media, thermometers, gloves, masks, tissues, wipes, sanitizers, technology, tools and supplies, all within easy reach

Touch-release drawers feature positive-catch closure action and locks for protection/security

Full-swivel, permanently lubricated and sealed polymer casters provide smooth-rolling mobility with step locks for fast, secure positioning

**Made in the USA. Lifetime Warranty.**

*Cart shown with optional sanitizer / dispenser*
